

Sandringham School

'Everybody can be Somebody'

Research for the primary classroom

A two-part course providing delegates with an introduction to research

Research evidence has the power to help teachers and school leaders make more informed decisions about what to do in the classroom in order to improve outcomes for children. It can also help us become more informed about what to stop doing!

The course will:

- Provide an overview of helpful research evidence for the primary classroom
- Give delegates the opportunity to explore key pieces of research in detail, including topics such as group work and talk/oracy
- Support delegates to develop practical strategies to use in the classroom

Aimed at

Teachers, middle leaders and school leaders in primary schools

Date and venue

Friday 23rd November 2018 &
Thursday 17th January 2019, 2 – 4.30pm

Sandringham School, The Ridgeway,
St Albans. AL4 9NX

Cost
